And now for something completely different - the only artist to ever appear on both NPR's *Sound and Spirit* and *The Dr. Demento Show*. Meat Loaf if the Loaf could write comedy, Weird Al with a bigger book collection. Combining the showmanship of Springsteen, the lyrical dexterity of Sondheim, the madness of Robin Williams, and the dynamic physique of the Skipper from *Gilligan's Island*, Tom Smith is an award-winning songwriter and performer with ten albums to his credit. He crams puns, pop culture, literature, science fiction and fantasy, made-up-on-the-spot ditties, voice impersonations, rockin' tunes, and the occasional recipe into an evening of high-energy silliness like nothing you've never heard.

Besides, it's on a Tuesday -- why sit at home and watch non-singers verbally abuse wannabe-singers when you can enjoy an evening of unparalleled folk-rock insanity?

LIVE THE MYTH OF SMITH!
